OUR VISION - *To excel in quality and to ensure equity in the field of higher education*

Additional Skill Acquisition Programme -ASAP

PRNSS ASAP team

The Golden Jubilee Year of Pazhassi Raja NSS College was marked with the inauguration of the Additional Skill Acquisition Programme (ASAP) which is an initiative of the Departments of Higher Education and General Education with a view to improve the employability quotient of students studying in Higher Secondary Schools and Colleges. Our college was selected as the Training Partner Institution of the unique and ambitious project ASAP.

ASAP aims to impart industry specific skills to the deserving students in selected schools and colleges along with their regular studies through modular courses with the active participation of Industry partners. Students enrolled with ASAP will get opportunity to learn sector specific skills of their choice. Communicative English and Basic IT modules are the integral components of ASAP Programme.

Initially, the ASAP team visited our college with the campaign *Thousand Splendid Stars* that enthralled the students and motivated them to participate in the recruitment process. The NSS units of our college acted as Campus Partner and the Dept. of English was selected as Training Partner. Dr. Sugathakumari, Dr. Rakhi Raghavan, Shri. Jeeva Krishnan (Dept. of English) and Shri. P.T. Muraleedharan (Dept. of Physical Education) attended the Master Training Programme at Trivandrum. Thirty students who have completed their Degree Course were selected to undergo the training programme. The candidates who successfully complete the training will be selected as Skill Development Executives.

The Twenty-one-day Residential Programme was inaugurated by Dr. M.J. Mathew (Principal, M.G. College, Iritty & Syndicate Member, Kannur University) on 25th April 2013. Dr. Sugathakumari, Dr. Rakhi Raghavan and Shri. Jeeva Krishnan engaged classes in Communication Skill modules and Information Technology sessions were handled by Shri. P.T. Muraleedharan. The valedictory function was inaugurated by Dr. A.P. Kuttykrishnan, Pro Vice Chancellor, Kannur University on 15th May 2013. Our Principal Dr. K. Pradeep Kumar presided over the function and our former Principal Prof. P. Muraleedharan was the Guest of Honour. Shri. Bhaskaran Master (Chairman, Mattanur Municipality) distributed the certificates. The successful conduct of the Programme was the outcome of the unconditional support from the committee members, the academic fraternity and the non-teaching staff of our institution.

QUEST - assurance de la qualite - NATIONAL SEMINAR ON INNOVATIVE PRACTICES FOR QUALITY ENHANCEMENT IN EDUCATIONAL INSTITUTIONS

Prof. Ravichandra Reddy

The IQAC also conducted a 'Workshop on Project Preparation and Report Writing' for IV Semester Degree students on 27th February 2013. The program was arranged in three disciplines separately as Science, Social Science and Humanities. A student wing of IQAC was constituted this year with three students from each stream and three representatives of College Union to support all programs and projects of the IQAC.

From the Principal's Desk

Pazhassi Raja NSS College is proudly releasing the fifth edition of *Impressions* showcasing our sterling performance in curricular and co-curricular activities in the year 2012-13. The year has indeed been one of outstanding achievements translated into memorable moments. Here I must applaud the tireless effort of the faculty members, administrative staff, the student community and all the stakeholders for putting in their very best.

The higher education scenario, at present, is dynamic and vibrant. We have to make sure that our educated youth are fit enough to face the challenges in the global economy. The three aspects – access, equity and duality should go hand in hand. The employability of our graduates and postgraduates should be improved through excellence in higher education. It is the responsibility of every generation to create new knowledge for the benefit of the next generation.

The institution is on the threshold of celebrating the 50th year of its inception. Let us all work with great zeal and enthusiasm to make this golden jubilee year a remarkable one.

With warm regards
Dr. K Pradeep Kumar

Principal (assumed office in April 2013)

Higher education is the source or feeder system in all walks of life and therefore supplies the much needed human resource in management, planning, teaching and research. Scientific and technological advancement and economic growth of a country are as dependent on the higher education as they are on the working class. Higher education also provides opportunities for lifelong learning allowing people to upgrade their knowledge and skills from time to time based on the societal needs.

Activities in higher education institutions should be diverse and dynamic to mould and shape the personality of learners and ultimately to make them confident and competent enough to hold any type of responsibilities in the emerging scenario. Remaining within the frame work and guidelines of various higher education bodies we are working to meet these requirements to the maximum possible level.

Impressions, the news letter of the institution in the following pages exemplifies this with appropriate indicators and absolute end results. Upkeeping those standards and attaining greater achievements are the tasks ahead. Accreditation is a milestone. Sustaining and improving quality and setting best practices are challenges indeed.

Yes, we do realise that we have a long distance to go and the journey is tiresome. Let us join hands to move forward with clear vision and firm determination.

With warm regards,
P. Muraleedharan, Principal (2012-13)
